

IPA HOP

2025

Sat 1st - Sun 30th March

WELCOME TO THE 9th NOTTINGHAM CAMRA IPA HOP

Showcasing some of the best Real Ale IPA's in Nottingham's Pubs in March.

This Hop is a celebration to traditional British Brewing with a minimum ABV restriction of 5.2% on all IPAs on the Trail. We hope you all enjoy it - and sensibly!

What is India Pale Ale (IPA)?

The term 'pale ale' has been used for over 400 years. In terms of colour, all we know is that it would have been significantly paler than other beers at the time. Anything lighter than mid-brown could at some point have been a 'pale ale. As a flavour profile, the emphasis is on Hops rather than Malt, although there will be a good balance of the two. India Pale ale was notable in that it evolved from beers that were designed for cellar aging, so it is generally recognised as having a heritage of being pale, relatively high in alcohol and having an assertively bitter and aromatic character.

This is a style that is in constant state of evolution and whatever your preference on hop flavour, aroma and the beers other characteristics, please enjoy exploring this style of beer and celebrating its rich heritage.

HOW TO DO THE IPA HOP

Visit any of the pubs listed and buy a half or a pint of IPA and for a sticker and stick it onto the pub's circle. You need to visit a minimum of ten different pubs. If you visit any pubs not on the trail but they are selling an IPA, then why not take advantage of the Lucky Dip box?
